PRESIDENT'S MESSAGE

The Chofetz Chaim Day School is the only school in Cincinnati which offers an integrated program of English and Hebrew education. The only school with a new approach to the future progress and happiness of Jewish children.

There are 148 Hebrew Day Schools in America-- 76 in New York City, 72 outside this city, in 52 communities, 19 states and the District of Columbia. Total enrollment is 30,000.

The secular curriculum follows the regular public school program. The Hebrew studies teach the child the ideas and ideals of our sacred tradition, the richness of Jewish life and living. Our school in its program and spirit is part and parcel of the American scene--the transmitting of the contributions of our heritage to America and American democracy.

The Hebrew Day School needs your continued financial and moral assistance; for it is through this movement that the future of Judaism is assured. The Hebrew Day School is the down payment on our debt to our Jewish future.

It is because the chairmen, co-chairmen, and workers believe so fervently in a sound Jewish education that they were able to work ardently, and laboriously towards making this first Donor such a tremendous success. I can only say, Todah, Todah rabah. (Thanks, many thanks).

Mrs. Gilbert (Phyllis T.) Karp,
President, PTA
