

## GREETING FROM THE STUDENT PRESIDENT

Dear Student,

The most frequent question that is asked of me, as president of Hillel, and of other people affiliated with the organization, is "What is Hillel?" or "What can Hillel offer me?" The purpose of this booklet is to answer just such questions as these. We want to acquaint everyone of you with the organization, opportunities, and experiences with which you will come into contact as members of Hillel.

My answer to these questions is that Hillel is the one place on campus where you can get the Jewish indoctrination that you seek and need. The group covers such a wide scope of activities, religious, social, and cultural, that everyone should be able to find some field that interests him. And this is another place where Hillel is important. It offers the individual many opportunities to express himself, bring out his potentialities.

It is our hope that this publication will help you to discover that spot in which your desire for Jewish knowledge can be fulfilled, and where you can feel that you have received the greatest amount of personal gratification through your contribution.

Sincerely,

Norma Siegel, president
