

## A WELCOME FROM OUR COUNSELOR

Welcome to Hillel at the University of Cincinnati. It is with great pride that I write this note in the first orientation booklet to all "Hillelians," active or prospective. In the pages that follow, you shall have an opportunity to see for yourself how Hillel is fulfilling its mission of an organized religious, cultural, and social program for the Jewish students at UC. I would like to stress only that Hillel is a new organization here, and yours is the opportunity to help further its growth.

Remember: HILLEL NEEDS YOU - YOU NEED HILLEL.
