

CLASSROOM APPOINTMENTS COMMITTEE

This committee needs to learn about the classroom subjects the leaders of REW are equipped to lecture.

Approach professors and suggest guest speakers to take over a class. Perhaps combined classes avail themselves better.

Work closely with the speaker's committee and let speakers know about such an appointment through that committee. Don't overwork the leaders. Have them approve of every assignment.

Close cooperation with the faculty committee shall prove helpful in approaching the faculty. Provide that committee with biographical materials about the speaker.
