

SUNDAY OPENING COMMITTEE

The opening convocation could easily set the stage for the entire week.

Through the various channels and contacts invite and urge all students to attend. Have representatives of all faiths present and participate.

The International Club can serve excellently as ushers.

Music should be part of the program. Work with the music committee.

A reception afterwards will help to introduce the leaders of the week.

A major address shall be delivered by one of the main speakers. A n invocation is appropriate and Dr. Walters, University President, shall be invited to make the introductions. All leaders as far as present on campus should be on the platform.

The location of the opening meeting demands careful consideration.

The YMCA, Annie Laws, and Wilson Auditorium are suggested.
