

B'nai B'rith Hillel Foundation  
320 Straight Street  
Cincinnati 20, Ohio

September 24, 1955

Dear Student,

Welcome back to U.C. Everybody is getting prepared to make this year an even more successful year than last year.

Here at Hillel we are going all out to make this year the biggest that Hillel has ever known. The Hillel house is being repainted and has also undergone interior remodeling. In addition, we have a new house mother, Mrs. Marder, who will replace Mr. and Mrs. Kraus as guardian of the house.

Naturally we still have all of our facilities from last year: pool and ping-pong tables, coke machine, phonograph, and especially important at World Series time, our T.V. set. These facilities are there for your convenience, so come on over and take advantage of them.

Our Friday evening services are still our main attraction. We are doing our best to create a meaningful religious program. Also we are going all out to present cultural programs that will meet with everyone's approval. The social portion of the evening has always been a great success and we are seeing to it that it remains that way. Everything is being done to make this year's Hillel a bigger and better Hillel for you.

Sincerely yours,

Bernard Gert, president

P.S. See you at our first service Friday, Sept. 30th, at 8 o'clock. Everyone else will be there too.
