

## *Problem fingernails?*

Knox strengthens them from within, naturally—Knox has published medical proof it works

Breaking, splitting fingernails grew long, strong, and lovely for 7 out of 10 women who strengthened them from within, the natural Knox way. To correct problem nails, just drink one envelope of Knox Gelatine in juice or bouillon each day for 90 days. Why 90 days? It takes that long for faulty, frail old nails to grow out—strong, healthy new nails to grow all the way in. It's the only method using gelatine with published medical proof of effectiveness.

Start with—stay with  
**KNOX Unflavored GELATINE**

## **Bar Mitzvah**

After the ceremony, a prayer was said over the ritual wine and Sammy's friends and relatives joined in congratulations.

Sammy addressed the congregation at the conclusion of his Bar Mitzvah, an honor accorded few young men.
