

Twenty five years ago Rabbi Goldfeder came to Adath Israel as its assistant Rabbi. We had a membership of approximately 350. During the past twenty five years, Rabbi Goldfeder has contributed enormously towards the growth and prestige of our Congregation. Our membership is now approximately 900. He has taken an enthusiastic and active leadership in the expansion of Adath Israel and in our community. It would be difficult to enumerate his many activities.

Through his complete devotion to Adath Israel, and through his service in community affairs, he has made a tremendous contribution to Jewish life.

We wish him and his dear ones many years of good health and continued service to his fellow men.

The entire Adath Israel family, the officers, board members and staff rejoice on this happy occasion.

A handwritten signature in black ink, appearing to read "Mose Marcus". The signature is fluid and cursive, with a long horizontal stroke extending from the end.
