

OUR BEST WISHES:

It is an honor to participate in this combined demonstration: our esteem for Rabbi Eliezer Silver, and our appreciation of 32 years productive activity by Agudath Israel of America. Rabbi Silver has been closely identified with the progress of our organization for these past years, and he has richly earned this tribute. Agudath Israel, which has reared a generation of loyal Jews on the American soil, has become part of the very life of many of us privileged by the Almighty to work within the movement since its early days. May the Almighty grant us easier sailing on the path ahead until we reach our yearned-port of Jewish redemption.

GREETINGS

To all of you who have contributed to the success of this Journal — a heartfelt thanks. You have not only thus displayed your esteem of Agudath Israel and our honored guest, Rabbi Eliezer Silver, but you have also provided the fuel to keep our wheels of activity geared to the need of the hour. Today more than ever, a dynamic Agudath Israel is needed to react with vigor and dispatch to every Jewish problem. The lack of funds constantly hamper these vital activities. Your participation in this Journal and your constant contributions throughout the year to Agudath Israel, will enable us to fulfill the sacred mission which destiny placed upon our shoulders.
