# OHR JOSEPH IN FRANCE

A network of Torah schools in the cities of *Armentiers-en-Brie, Fublaines, Le-Pin, Trilport, Marseilles* and *Paris*... now provides *éducatif* and *dormitory* facilities for more than a thousand boys and girls. *Ohr Joseph* schools maintain facilities from the kindergarten level through post-graduate study.

*Ohr Joseph* is supported solely through public contributions and your generosity will insure the successful progress of this momentous cause.

December 1961 saw the beginning of a mass migration of refugees from the Algerian terror. Elaborate quarters were purchased in *Marseilles* to accomodate hundreds of fleeing youngsters. In 1962 the Algerian influx necessitated the establishment of an elementary school in *Paris*.

Thousands of Algerian refugee children are in danger of being torn away from their heritage. Help *Ohr Joseph* to accomodate these youngsters.

Your warm glow of generosity will rekindle the light of Torah on the European continent.
