

CHAIRMAN'S MESSAGE

Less than five years ago, I was privileged to be the general chairman of our Congregation's Golden Jubilee. At that time, I envisioned great things for our Synagogue, great strides of progress and a great and glorious future.

Since then we have come far. We were the first Congregation to pioneer High Holy Day Services in the northern suburbs of Cincinnati, for many of our members and friends. After two successful years of these Extension Services and a diligent search and effort, we were the first to build a Synagogue in the northern suburbs. We were the first Synagogue to blaze the trail with the Cincinnati

Community Hebrew Schools for the benefit of the entire community. Now we are the first to dedicate an auditorium for happy and joyous occasions.

With the first fifty years as a foundation and the last five years as a guide, I am sure we can look forward to being the outstanding Orthodox Jewish Congregation in the midwest by the time we reach our Diamond Jubilee.

MONROE E. BERKOWITZ
General Chairman
