

Welcome to

the twenty-second concert of the Jewish Center Community Symphony Orchestra

Music has always formed an important part of a wide and varied program, rich in cultural content, offered the community of Cincinnati by the Jewish Center. This orchestra is one of the many outlets for adult interests.

This year, the Center, equipped with larger facilities, offers a wider and more varied cultural and recreational program than ever before.

You are invited to investigate our program and become a participant in this new Center of Jewish community life.

THE JEWISH CENTER
