Dear Gentlemen,

We thankfully acknowledge receipt of the kind donation of \$40 for the welfare of our blind men, women, and children, contributed by the New Hope Congregation's Chevra Kadishah. Enclosed please find our official receipt no. 19506.

Hard developments occurred here. We suffered some damage to our Institute but, thank God, none of the children was injured. We were in the shelter for 48 hours during the shelling. But four members connected to our staff did not return, having given their lives for their country. Now that the fighting is over, thank God, we look forward to peace.

Through the help of our friends from all over the world we are able to help our blind. May we hope for your continued support in the future.

Again, thank you! With best wishes, I am,

Sincerely yours,
JEWISH INSTITUTE FOR THE BLIND
