

B'nai B'rith Hillel Foundation
320 Straight Street
Cincinnati, 20, Ohio

October 13, 1955

Dear Student,

Welcome back to U. C. Everybody is getting prepared to to make this year an even more successful year than last year.

Here at Hillel we are going all out to make this year the biggest that Hillel has ever known. The Hillel house is being repainted and has also undergone interior remodeling. In addition, we have a new house mother, Mrs. Harder, who will replace Mr. and Mrs. Kraus as guardian of the house.

Naturally we still have all of our facilities from last year: pool and ping-pong tables, coke machine, phonograph, and especially important at World Series time, our T. V. set. These facilities are there for your convenience, so come on and take advantage of them.

Our Friday evening services are still our main attraction. We are doing our best to create a meaningful religious program. Also we are going all out to present cultural programs that will with everyone's approval. The social portion of the evening has always been a great success and we are seeing to it that it remains that way. Everything is being done to make this year's Hillel a bigger and better one.

Sincerely,

Bernie Gort,
President.

P.S. Don't forget our open house after the game October 15.

SEE YOU THERE !
