Mr. Sig Susskind,
4 Lenox Lane, City.

Dear friend-

At long last, have completed a letter which I deem should be read by the members of your Shul in re the curtain coming from me.

It will explain Fred's close friendship at all times with his jewish friends, from boyhood up. Incidentally, it was amazing how much he knew about the symbolism of the jewish religion (likewise the Catholic) having made a great study of both.

He was in accord too, with me putting the Mazooza on the door, which was done for the purpose of letting some itinerant jewish person, coming around to sell something, ^{know} that a friend was inside, and the door would not be slapped in his face.

Just as soon as you arrive at the proper figure, advise me, and check will be forthcoming at once. Love to all the folks living at No. 4. Lenox Lane.

Aunt Lulu.
